مخيم عايدة للاجئين الفلسطينيين

Bethlehem, 14 February 2026

Dear friends from the Liceo Torricelli Ballardini,

We want to thank you all for your kind and generous donation of €942.30 to Aida Youth Center.

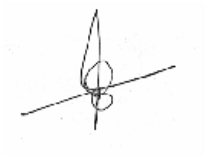

Your donated funds are contributing to our Education Program, which serves 150 children every single week.

Due to the decline in UNRWA's services, the schools that most children from the camp attend are overcrowded. Children who need a little more support because they have learning difficulties or are unable to concentrate due to the trauma and stressful situations they are exposed to in the camp, can easily fall behind in this environment. We make sure that they get the support they need, either in small classes or in 1:1 sessions with our special education teacher and new psychologist.

The children in our Education Program are taught Mathematics, English and Arabic, and they participate in psychosocial support activities to support their mental health.

Thank you for supporting our important work this month, and for your friendship!

With warm wishes from your friends at Aida Youth Center,

Anas Abu Srour
Executive Director of Aida Youth Center
